

## REPUBLICANS WILL ATTEND BIG RALLY

Organization For Meeting At  
Washington Is  
Effectuated.

## NUMBER WILL ATTEND

Transportation Will Be  
Arranged With Railway  
Companies.

At a meeting of the principal Republican committees of Charleroi at the Turner Hall last evening an organization was effected for the purpose of arranging matters to attend the Republican rally to be held in Washington, Oct. 20th.

The following committees were appointed: Cap. John K. Hein and Samuel C. Todd Marshalls of Parade; Committee on Transportation, Kerfoot W. Daly, Thomas H. Warrensford and W. W. Jameson; Committee on equipment and decorations, R. H. Ruah, Chas. F. Thompson and David M. McCloskey.

Transportation will be arranged for the benefit of those desiring to attend over the Pittsburgh Railway lines to Fioleyville and from there over the B. and O. railroad to Washington, to return after the meeting. All persons desiring to attend can register their name at the office of John H. First National Bank building.

The Chairman of precinct about two hundred will attend from Charleroi.

## BRIDGE CASE IS AGAIN DELAYED

The hearing in the matter of the appeal from the award of viewers in the condemnation proceedings of the Williamsport bridge over the Monongahela river at Monongahela, which has been before the courts for some time and finally referred to the Beaver county court for adjustment has again been delayed. The Beaver court has postponed action in the case until the January term of court. This means that the matter has now passed out of the hands of the present board of county commissioners of Allegheny and Washington counties.

The Washington county commissioners met yesterday with the board of commissioners of Allegheny county in Pittsburg to discuss the case. When it was learned that the Beaver court had put the matter over to January the meeting was adjourned, it being realized that when the case was brought up for hearing new boards of commissioners would be in office in both counties.

## For Educating Foreigners.

Monongahela, Oct. 16.—A check for \$100 has been received by the Y. M. C. A. from the River Coal company to be used in the educating of young foreigners. The first mining class this year was held this evening. It was in charge of George Waugh of Hackett.

## Explosive in Hands of Lad Does Damage

Lester Allman, the son of Mr. and Mrs. E. W. Allman, of Shady avenue was severely burned Thursday evening, as the result of a gasoline explosion.

Lester, who is about fourteen years of age, was in the basement of the Allman home trying to remove a stain from his trousers, with gasoline. In some way the fumes of the gasoline were communicated with by a fire which was burning near where the young fellow was working, and flames sprang up in a minute. The boy rushed up stairs with the blaze enveloping him. Mrs. Allman met him, seized a rug and smothered the flames before it could injure him to a great extent. Lester was badly burned along the left side however and Dr. J. K. Smith was called and dressed the injuries. He was able to be out this morning for the first time, but was compelled to use crutches.

## Good Meeting At Presbyterian Church Last Night

Rev. E. E. Hendrick and Mr. A. L. Carter who are holding forth at the Washington avenue Presbyterian church, continue to interest the people of Charleroi, drawing large crowds nightly. The street meetings are full of interest also. Last night hovering around and anxious to hear every word was a crowd of six or seven hundred. Many of these went to the church to attend the services there, and the place was crowded.

Following the interesting song and praise service conducted by Mr. Carter, the evangelist, Rev. Hendrick made his address on the topic, "The Holy City." The holy city, he said, was clean, and home-like, and a permanent abiding place. This desirable place he contrasted with the changing things here on earth, which are not permanent but last only for a time. He said that the gateway to the Holy City is through Jesus Christ. Two conversions were made at last night's meeting.

Entertains Choir.  
Mr. W. C. Clark entertained the choir of the First Presbyterian church at his home on Meadow avenue last night. The evening was enjoyably spent by the guests. Refreshments were served.

Mrs. O. A. Phalen will go to Bunkia this evening to spend Sunday with her sister, Mrs. W. M. Patton

## BAPTISTS CONVENE YESTERDAY

Representatives Of Five  
Churches Are Entertained  
Here.

## AFTERNOON AND EVENING

Both Sessions Are Interesting.  
Dr. Gleiss Makes  
Address.

Representatives of five Baptist churches, Monongahela, Monessen, Library, Elizabeth and Riverview were present at a meeting of "Group No. 6," of the Pittsburg Baptist Association at the church here yesterday, the meeting being called for the purpose of uniting the bonds of friendship of the members of the different churches, a little closer.

The afternoon session was called to order at 2 o'clock, E. E. Drake, of Monessen being chairman. At 3 o'clock "Conference" was begun. The study of "Special Problems" was taken up, Rev. J. W. Moody of Riverview conducting the discussion. Quite a number of problems of interest to Baptists was solved. At four o'clock the matter of "Church Finance" was taken up and thoroughly discussed. It appears that the Charleroi church had the superior system and two of the trustees made addresses along this line. Many good ideas for taking care of the finances of the church were brought out. Rev. J. A. Cherry of Monessen conducted this discussion. The afternoon session was closed by a "Quiet Hour," consisting of prayer and praise, conducted by Rev. J. W. Hays, of Elizabeth. Supper was served by the ladies of the local church between 5:30 and 6:30.

The evening session began at 7:30 o'clock, the church being crowded to the utmost capacity, many having to stand. After a half hour's prayer and praise service, consisting mostly of music, Rev. H. C. Gleiss, Corresponding Secretary of the Pittsburg Baptist association made an address on "The Work of the Association." It was an interesting talk and thoroughly enjoyed by all present. Adjournment was taken at the close of this address.

## AMUSED AT EFFORTS OF ACHESON

Playing Possum Is Attacking  
Legislative Ticket Through  
Newspapers.

## IS NOT A REPUBLICAN

Responsible Entirely To The  
Opposition Of Assembly  
Ticket.

Washington, Pa., Oct. 16.—The true Republicans of Washington are amused at the efforts of Congressman Acheson in this campaign. Apparently playing possum himself he is attacking the Republican legislative ticket through his newspapers.

Such expressions emanating from this source, it is considered, is prima facie evidence that the former boss is not a Republican. That he is responsible entirely to the opposition to the assembly ticket, aside from the sympathizers of other parties is certain as his paper, the Observer today printed the following editorially:—

"As two of the local option candidates for assembly are on both the Democratic and Prohibition tickets their election is practically assured." This same newspaper in the issue of October 26, 1904, in apologizing for a prohibition advertisement said:—

"The advertising columns of every newspaper should be open to every political party. While we do not agree with the prohibition propaganda and its political aspect we congratulate the leaders on their practical method of reaching the voters."

An Acheson editorial on October 15, 1905, set forth:—

"There are many today who have forsaken their party because they have not been able to secure the advantage in the Republican party for which they have been ambitious. They are aligned with the leaders of the Democratic party with the hope that in the ascendancy of the Democracy they may be able to secure some advantage. They will not be successful. Many of them have shown their ingratitude to the party, and have joined with its enemies in a hope of disrupting it."

Mr. Acheson is again up to his old tricks of sending communications to his newspapers, signing anonymous names. As to such methods the

## New Pastor of Presbyterian Church Arrives

Rev. John T. Hackett, the new pastor of the First Presbyterian church arrived Thursday with his family from his late home in Cedarville, N. J., ready to take up his work here. He will occupy the pulpit for the first time in his new charge Sunday morning at the usual hour. Rev. Hackett comes highly recommended and it is thought will build up the church to a membership, that will rival other church bodies of the town. The First Presbyterian church has been without a pastor for several months since the resignation of Rev. Morvin Custer, last spring.

## Free Delivery Service Soon For Brownsville

Brownsville, Oct. 17.—Postoffice Inspector Dobbins was here for the department last week to inspect the preparation for free postal delivery in Brownsville borough. He was well pleased with what had been done by Brownsville council and Postmaster Steele and issued an order for free delivery, to be operative about January 1, 1909.

He found streets neatly marked at all corners with legible signs, houses marked and sidewalks passable all over town.

The inspector marked out routes and located 15 collection boxes. He said two carriers would be recommended to start the service. An examination for carriers for the office will probably be held in November.

## SWEDISH QUARTET AT TURNER HALL

The Charleroi Turners and their friends have a rare treat in store for this evening. The Swedish quartet of McKeesport will be present and act as entertainers to the company assembled. These musicians rank high, and their services are in great demand.

Miss Margaret Anderson has left for Connellsville for a visit.

## NEW TANK IS CONNECTED AT DONORA

Water Service Will Be  
Greatly Improved At That  
Place.

## SUPERINTENDENT BUSY

Have Been Hard At Work  
Getting Things In  
Shape.

The new tank of the Donora Water company, which has been under construction for several months, erected for the purpose of furnishing adequate pressure for the hill districts, is now completed and has been connected up to the mains.

The tank is 30x30 feet, with a capacity of 200 thousand gallons. This, with the old tank, will furnish an abundance of water for Donora for years to come.

The altitude of the first tank gave a pressure in the down-town section of over 100 pounds, but it was weak for the fire plugs on the hill. The new tank is connected only with the hill mains, where it gives a pressure of nearly 50 pounds, and throws a good stream.

The company is now making arrangements to install a filtration plant and expect to have it in operation during the next year. General Superintendent H. E. Pollock and Superintendent W. W. Darby have spent considerable time in Donora during the past few months and by the time they are able to get through the plans for the betterment of Donora's water supply, they will have one of the best water plants in this part of the state.

## WORK ON ROAD PROGRESSING WELL

Bentleyville, Oct. 16.—Hastings, Piper and Owens, contractors on the Bentleyville division of the new Sprowl road, and are progressing well with the work. The grading is about finished from the Fallowfield township line to the brewery, and last week they began putting on stone. They have already commenced the large concrete bridge over the creek near the brewery.

W. A. McDermott and brother, Thomas and Henry left this evening for Youngstown and other points in Ohio, to spend a few days. They will make the trip in their touring car.

ship shape and after dinner the party left for Pittsburg in their car which was attached to the 1:14 train.

Yesterday General Manager E. C. Sattley confirmed a statement in the Pittsburg papers to the effect that the extra weaving department of the Page Woven Wire Fence company, in the new addition just completed, would be started in operation by the first of next month. The addition is 100x100 feet and three stories high. Not long ago the company completed an open hearth furnace, which is now in operation.

## Washington County Cases Heard in Supreme Court

## MONESSEN NIGHT SCHOOL A SUCCESS

The School for foreigners of Monessen established some months ago by the citizens in co-operation with the Central Board at Pittsburg which is establishing schools throughout Western Pennsylvania is in a flourishing condition in the room in the old First National Bank building S. M. Phillips of Library, Pa., has been elected to take charge of the work, giving his full time.

The Board now means to push the work to the attention of the corporations employing foreign labor to take the entire financial end of the work to enable the citizens to continue this good work establishing another school.

The director, Rev. D. M. Cleland of the Central Board will take the matter up personally with the heads of corporations in a few days. Letters were sent to them some weeks ago but have not been heard from. The future success of the work after organization depends on the aid corporations give which are the greatest gainers from the schools.

Jones and Laughlin, The Standard Steel company, The Keystone Driller Co., and others are giving substantial help to the work elsewhere and it is believed the mills of Monessen will not be behind.

Appeals Taken To Superior  
Court From The Lower  
Courts.

Pittsburg, Oct. 17.—Washington county cases were heard in the State Supreme court yesterday. The Baltimore and Ohio railroad was the appellant in a suit brought by M. G. and Elizabeth Guthrie in which the latter had been run down at a railroad crossing at Claysville and badly injured. She got a verdict of \$7,000 and the husband \$5,000. The same company appealed from a verdict in which they

## Be Careful in Voting.

There is every probability that the  
republican state, district and county  
candidates in Pennsylvania will lose  
thousands of votes at the coming  
election on account of the unnecessary  
complications of our ballot act. In a  
presidential year a large number of  
republicans attend the election who  
are in the habit of voting the straight  
ticket. They have become accustomed  
to do this by simply putting an X in  
the square opposite the word "re-  
publican" and letting it go at that.  
That does in every year but a presi-  
dential one. Then the straight voter  
must mark two crosses on his ticket,  
one for the presidential electors, the  
other for the state and county candi-  
dates. It is difficult to make him un-  
derstand this. In consequence he puts  
his mark in what he considers the  
accustomed place, leaving it at that.  
The truth is that he simply voted  
for the electors. He has not indicated  
his choice on state and county offices  
and no count is made for them.

Voters should be very careful in  
marking their ballots thus saving  
votes for their party.

## Electric Sparks.

"Ca-te did, Ca-te didn't," seems  
to be still popular in the Fayette  
county courts.

Explanations why bank wreckers  
are not tried seem likely to be more  
abundant than satisfying.

In the fresh publication of Demo-  
cratic campaign contributions there  
are several additions from the ranks

of the objectionable rich.

A Missouri man has brought suit  
for permission to go to church. And  
yet ministers say that men take no  
interest in such things.

Judge Albertson of Washington has  
refused to issue a decree of divorce  
in the case of a man who had been  
married four times and a woman who  
has been three times married. What  
is the good of the courts if a man  
can't get a few divorces when he  
wants them?

When a New York family inherited  
\$10,000,000 the other day, none of the  
members became excited over it. It  
is presumed that they already owned  
an automobile.

Baby kisses seems to be no longer  
a feature of the campaign. The  
statesmen have long realized that  
baby kissing pleases no one but the  
mother—and she cannot vote.

"Speaker Cannon is said to be  
learning French," says the Water-  
bury Republican. "He probab-  
ly feels the need of a larger vocabulary  
when he goes to cussing." It was  
said of an Oxford professor who was  
elected to Parliament and who dis-  
appointed the expectations of his  
friends by proving a very dull mem-  
ber, that he was "dumb in seven  
languages." If "Uncle Joe" could  
cuss in seven languages he would cer-  
tainly be the champion.

Senator Dolliver, of Iowa, was in-  
troduced by Senator Flint, of Califor-  
nia, to a Los Angeles Republican  
meeting as the man who had made  
possible the great policies of Presi-  
dent Roosevelt. Then Roosevelt was  
the hero of Dolliver?

London suffragettes first went to  
Parliament and then to Bow street  
court. In this way both those who  
make the laws and those who execute  
them are given as much trouble as  
possible, and that is a consideration  
especially pleasing to the suffragette.

"The present way to win a woman"  
seems to include, in the case of ac-  
tresses, a judicious offering of \$7,000  
automobiles and \$25,000 life policies  
as betrothal presents.

## Birthday of Noah Webster.

Next Sunday will be the 150th An-  
niversary of the birth of Noah Web-  
ster. Though the original Webster's  
Dictionary has been superseded by a  
huge revision, because the American  
vocabulary has been more than double,  
his work stood for many years as the  
Standard American authority on ortho-  
graphy and definition.

Noah Webster was of that hardy  
New England race that proved high  
mental attainment to be possible  
without advantage of wealth or many  
schools. He pursued his studies  
under difficulties. He executed his  
labor as lexicographer for a new  
nation, with phases and ideals, in the  
face of obstacles. As a man and as  
a scholar Noah Webster is a whole-  
some type to be honored in public  
schools.

## Glyde Man Builds Model Highway

William H. Dague, of Glyde, a  
supervisor of roads in Amwell town-  
ship this county recently constructed  
a section of road leading from the  
national road at Glyde to the resi-  
dence of Ross Thompson a distance of  
50 1-2 rods which speaks for itself as  
a specimen of road making. This  
sample of highway was improved at  
an estimated cost of less than \$2,700  
a mile.

The improved section is from 15 to  
20 feet wide and tapers gradually  
from the center of the traveled track  
to the bottom of the drains on either  
side the difference in elevation being  
16 to 18 inches. By this arrangement  
no surface water can collect. The  
foundation is of clay. Limestone  
were placed on his foundation and  
sledged finely. Next was placed  
hand broken limestone a perch to  
every eight feet, after which a four-  
horse mounted scraper was run over  
the stone.

The road bank were evenly sloped  
back into and clogging the drains.  
Sufficient dirt was placed at the sides  
of the stones to prevent them from  
rolling out of place, and after rolling  
properly the job was completed.

## Briefs of the County

Canonsburg, Oct. 17.—The water  
question in Canonsburg is still a ser-  
ious one, though somewhat less ser-  
ious than a week ago, as the water  
company has from two to two and a  
half feet more water in its reservoir.  
The water, however, is shut off from  
the mains in town, and, of course, the  
private consumers are not being sup-  
plied, and have not been for more  
than five weeks. In case of a fire  
breaking out, the firemen must wait  
for the mains to fill up before suffi-  
cient pressure is obtained to throw a  
stream.

Canonsburg, Oct. 17.—Chief of  
Police Peter Haught engaged in an  
exciting man chase Thursday evening,  
when he followed Frank Redman, the  
colored man who engaged in a fight  
with Ollie Brown, also colored, Thurs-  
day afternoon, Redman, however,  
made good his escape for the time  
being.

Monongahela, Oct. 16.—Quick ac-  
tion probably saved a big loss in coal  
to the Pittsburgh Coal company.  
Last night the crew on the Pittsburgh  
Railways company noticed that a car  
of coking coal standing on the sid-  
ing at No. 3 mine near Castle Shannon  
was burning. It was cut loose from  
the rest and run down the track.  
Part of the contents was saved. The  
fire is said to have been started by  
foreigners who had a fancied  
grudge against the company.

## AMUSED AT EFFORTS OF ACHESON

(Continued from page one)

Washington Observer in an Acheson  
editorial, August 31 1905, said:—"No  
real reformer would resort to under-  
hand anonymous attacks on the  
character of any man. No man who  
is really in earnest would circulate  
falsehoods and sacrilegious attacks  
upon any man or any cause. Any  
man who willfully attacks the char-  
acter through anonymous circulars is  
in a class with horse thieves and  
second story men. Decency has a  
place in political as well as in busi-  
ness or religion."

## The Store That Advocates Law Compelling Truth in Advertising!

When a store fools you into entering its doors by Fictitious Newspaper Values, it will fool you again when it gets you there. If you are set on looking elsewhere before coming to Adolph's, keep both eyes wide open and beat a hasty retreat when they tell you they are "just out, but have something else as good!" We can quote wonderful prices in the newspapers and GIVE YOU THE GOODS EXACTLY AS ADVERTISED, because we buy them right and have a little expense and do a volume of business doubly that of any other local house in same line. If every store told the good old truth in their advertising, our prices would show in comparison 25 to 50 per cent. lower in the newspapers, just as they do when your own eyes have actually investigated!

Have you been paying \$4 for your shoes? Are you satisfied with the service you've been getting? Let's suppose you are. Now then—suppose we give you the same comfort, same style, same satisfactory wear for \$2.95. Only difference is you've saved a \$1.05. Wouldn't you be better satisfied? Sure. Then—

### Here's a Guarantee That Takes All the Risk

Every pair of our \$2.95 shoes guaranteed to give satisfactory service as any \$4 men's shoe made.

We will promptly and cheerfully give another pair free in every case where our shoes fail to meet this test.

Any style you wish in Tan, Russian Calfskin, Black Gunmetal Calfskin, Box Calfskin, Vici Kidskin and Colt Patent Leather.

### Heavy or Light Weight as You Prefer

Soles of our \$2.95 shoes are made to wear out whatever they come in contact with—they're solid white oak-tanned leather, welted to the uppers on Goodyear machines, by the most expert workmen. Linings are best duck; uppers are stitched to stay together with non-rip silk thread. They're \$2.95 shoes that you wouldn't kick on paying \$4 for after you've found them out.

## Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon come up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

## WASHINGTON COUNTY CASES HEARD IN SUPREME COURT

(Continued from first page)

were held to be maintaining a nuisance in crossing a road at grade in Claysville. The suit had been brought by the town constable in the name of the commonwealth.

An appeal argued in the case of the Peoples Bank of California, Pa., against W. A. Stroud and Cary Piper, in which the latter defendants are the appellants, is to determine the liability of a bondsman who is not required to renew the bond.

John T. Dyer, a contractor was the appellant in two cases argued before the supreme court yesterday, both from the Washington county common pleas courts. One was a suit brought by E. B. Murphy, who got a verdict of \$7,000 and the other by John T. Stemme, who recovered \$5,975, both for personal injuries. D. F. Keenan also a contractor, was the appellant in a suit brought by Harry E. Coleman, who also secured a verdict for personal injuries for \$1,845.

## BRIDGE CASE IS AGAIN DELAYED

The hearing in the matter of the appeal from the award of viewfers in the condemnation proceedings of the Williamsport bridge over the Monongahela river at Monongahela, which has been before the courts for some time and finally referred to the Beaver county court for adjustment has again been delayed. The Beaver court has postponed action in the case until the January term of court. This means that the matter has now passed out of the hands of the present board of county commissioners of Allegheny and Washington counties.

The Washington county commissioners met yesterday with the board of commissioners of Allegheny county in Pittsburgh to discuss the case. When it was learned that the Beaver court had put the matter over to January the meeting was adjourned, it being realized that when the case was brought up for hearing new boards of commissioners would be in office in both counties.

## For Educating Foreigners.

Monongahela, Oct. 16.—A check for \$100 has been received by the Y. M. C. A. from the River Coal company to be used in the educating of young foreigners. The first mining class this year was held this evening. It was in charge of George Wagh of Blackett.

## Explosive in Hands of Lad Does Damage

Lester Allman, the son of Mr. and Mrs. E. W. Allman, of Shady avenue was severely burned Thursday evening, as the result of a gasoline explosion.

Lester, who is about fourteen years of age, was in the basement of the Allman home trying to remove a stain from his trousers, with gasoline. In some way the fumes of the gasoline were communicated with by a fire which was burning near where the young fellow was working, and flames sprung up in a minute. The boy rushed up stairs with the blaze enveloping him. Mrs. Allman met him, seized a rug and smothered the flames before it could injure him to a great extent. Lester was badly burned along the left side of his face and Dr. J. K. Smith was called and dressed the injuries. He was able to be out this morning for the first time, but was compelled to use crutches.

## Good Meeting At Presbyterian Church Last Night

Rev. E. E. Hendrick and Mr. A. L. Carter who are holding forth at the Washington avenue Presbyterian church, continue to interest the people of Charleroi, drawing large crowds nightly. The street meetings are full of interest also. Last night hovering around and anxious to hear every word was a crowd of six or seven hundred. Many of these went to the church to attend the services there, and the place was crowded.

Following the interesting song and praise service conducted by Mr. Carter, the evangelist, Rev. Hendrick made his address on the topic, "The Holy City." The holy city, he said, was clean, and home-like, and a permanent abiding place. This desirable place he contrasted with the changing things here on earth, which are not permanent but last only for a time. He said that the gateway to the Holy City is through Jesus Christ. Two conversions were made at last night's meeting.

## Entertain Choir.

Mr. W. C. Clark entertained the choir of the First Presbyterian church at his home on Meadow avenue last night. The evening was enjoyably spent by the guests. Refreshments were served.

Mrs. O. A. Phalen will go to Buffalo this evening to spend Sunday with her sister, Mrs. W. M. Patton.

## Fall Inspection Of Works Yesterday By Officials

Tin Plate Mill At Monessen Found To Be In Good Condition.

Officials of the American Sheet and Tin Plate company were in Monessen yesterday for the annual inspection of the local plant. The party arrived by special car coming down from Brownsville on the return trip from Morgantown, W. Va., where a similar mission occupied the previous day. The local plant was found to be in

## BAPTISTS CONVENE YESTERDAY

Representatives Of Five Churches Are Entertained Here.

## AFTERNOON AND EVENING IS NOT A REPUBLICAN

Both Sessions Are Interesting. Dr. Gleiss Makes Address.

Representatives of five Baptist churches, Monongahela, Monessen, Library, Elizabeth and Riverview were present at a meeting of "Group No. 6," of the Pittsburg Baptist Association at the church here yesterday, the meeting being called for the purpose of writing the bonds of friendship of the members of the different churches, a little closer.

The afternoon session was called to order at 2 o'clock, E. E. Drake, of Monessen being chairman. At 3 o'clock "Conference" was begun. The study of "Special Problems" was taken up, Rev. J. W. Moody of Riverview conducting the discussion. Quite a number of problems of interest to Baptists was solved. At four o'clock the matter of "Church Finance" was taken up and thoroughly discussed. It appears that the Charleroi church had the superior system and two of the trustees made addresses along this line. Many good ideas for taking care of the finances of the church were brought out. Rev. J. A. Cherry of Monessen conducted this discussion. The afternoon session was closed by a "Quiet Hour," consisting of prayer and praise, conducted by Rev. J. W. Hays, of Elizabeth. Supper was served by the ladies of the local church between 5:30 and 6:30.

The evening session began at 7:30 o'clock, the church being crowded to the utmost capacity, many having to stand. After a half hour's prayer and praise service, consisting mostly of music, Rev. H. C. Gleiss, Corresponding Secretary of the Pittsburg Baptist association made an address on "The Work of the Association." It was an interesting talk and thoroughly enjoyed by all present. Adjournment was taken at the close of this address.

## AMUSED AT EFFORTS OF ACHESON

Playing Possum Is Attacking Legislative Ticket Through Newspapers.

## RESPONSIBLE ENTIRELY TO THE

WASHINGTON, Pa., Oct. 16.—The Republicans of Washington are amused at the efforts of Congressman Acheson in this campaign. Apparently playing possum himself he is attacking the Republican legislative ticket through his newspapers.

Such expressions emanating from this source, it is considered, is prima facie evidence that the former boss is not a Republican. That he is responsible entirely to the opposition to the assembly ticket, aside from the sympathizers of other parties is certain as his paper, the Observer today printed the following editorially: "As two of the local option candidates for assembly are on both the Democratic and Prohibition tickets their election is practically assured."

This same newspaper in the issue of October 28, 1904, in apologizing for a prohibition advertisement said: "The advertising columns of every newspaper should be open to every political party. While we do not agree with the prohibition propaganda and its political aspect we congratulate the leaders on their practical method of reaching the voters."

An Acheson editorial on October 15, 1905, set forth: "There are many today who have forsaken their party because they have not been able to secure the advantage in the Republican party for which they have been ambitious."

They are aligned with the leaders of the Democratic party with the hope that in the ascendancy of the Democracy they may be able to secure some advantage. They will not be successful. Many of them have shown their ingratitude to the party, and have joined with its enemies in a hope of disrupting it."

Mr. Acheson is again up to his old tricks of sending communications to his newspapers, signing anonymous names. As to such methods the

## New Pastor of Presbyterian Church Arrives

Rev. John T. Hackett, the new pastor of the First Presbyterian church arrived Thursday with his family from his late home in Cedarville, N. J., ready to take up his work here. He will occupy the pulpit for the first time in his new charge Sunday morning at the usual hour. Rev. Hackett comes highly recommended and it is thought will build up the church and its work.

The First Presbyterian church has been without a pastor for several months since the resignation of Rev. Morvin Custer, last spring.

## Free Delivery Service Soon For Brownsville

Brownsville, Oct. 17.—Postoffice Inspector Dobbins was here for the department last week to inspect the preparation for free postal delivery in Brownsville borough. He was well pleased with what had been done by Brownsville council and Postmaster Steele and issued an order for free delivery to be operative about January 1, 1909.

He found streets neatly marked at all corners with legible signs, houses marked and sidewalks passable all over town.

The inspector marked out routes and located 15 collection boxes. He said two carriers would be recommended to start the service. An examination for carriers for the office will probably be held in November.

## SWEDISH QUARTET AT TURNER HALL

The Charleroi Turners and their friends have a rare treat in store for this evening. The Swedish quartet of McKeesport will be present and act as entertainers to the company assembled. These musicians rank high, and their services are in great demand.

Miss Margaret Anderson has left for Connellsville for a visit.

## NEW TANK IS CONNECTED AT DONORA

Water Service Will Be Greatly Improved At That Place.

## SUPERINTENDENT BUSY

Have Been Hard At Work Getting Things In Shape.

The new tank of the Donora Water company, which has been under construction for several months, erected for the purpose of furnishing adequate pressure for the hill districts, is now completed and has been connected up to the mains.

The tank is 36x30 feet, with a capacity of 200 thousand gallons. This, with the old tank, will furnish an abundance of water for Donora for years to come.

The altitude of the first tank gave a pressure in the down-town section of over 100 pounds, but it was weak for the fire plugs on the hill. The new tank is connected only with the hill mains, where it gives a pressure of nearly 50 pounds, and throws a good stream.

The company is now making arrangements to install a filtration plant and expect to have it in operation during the next year. General Superintendent H. E. Pollock and Superintendent W. W. Darby have spent considerable time in Donora during the past few months and by the time they are able to get through the plans for the betterment of Donora's water supply, they will have one of the best water plants in this part of the state.

## LOCAL BOWLERS SUFFER DEFEAT

The Charleroi Bowling team under the captaincy of Willis Briggs, journeyer to Monessen last night and got a bad beating for a beginner in the inter-city games that will take place between these places. These two teams will bowl on the Colonial alleys on Friday, Oct. 23rd. Score:

## MONESSEN NIGHT SCHOOL A SUCCESS

The School for foreigners of Monessen established some months ago by the citizens in co-operation with the Central Board at Pittsburg which is establishing schools throughout Western Pennsylvania is in a flourishing condition in the room in the old First National Bank building S. M. Phillips of Library, Pa., has been elected to take charge of the work, giving his full time.

The Board now means to push the work to the attention of the corporations employing foreign labor to take the entire financial end of the work to enable the citizens to continue this good work establishing another school.

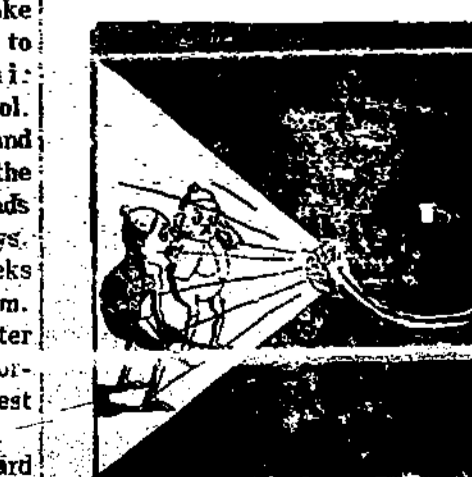

The director, Rev. D. M. Cleland of the Central Board will take the matter up personally with the heads of corporations in a few days. Letters were sent to them some weeks ago but have not been heard from. The future success of the work after the completion of the school and corporations give which are the greatest gainers from the schools.

Jones and Laughlin, The Standard Steel Company, The Keystone Driller Co., and others are giving substantial help to the work elsewhere and it is believed the mills of Monessen will not be behind.

## Appeals Taken To Superior Court From The Lower Courts.

Pittsburg, Oct. 17.—Washington county cases were heard in the State Supreme court yesterday. The Baltimore and Ohio railroad was the appellant in a suit brought by M. G. and Elizabeth Guthrie in which the latter had been run down at a railroad crossing at Claysville and badly injured. She got a verdict of \$7,000 and the husband \$3,000. ### Be Careful in Voting.

There is every probability that the republican state, district and county candidates in Pennsylvania will lose thousands of votes at the coming election on account of the unnecessary complications of our ballot act. In a presidential year a large number of republicans attend the election who are in the habit of voting the straight ticket. They have become accustomed to do this by simply putting an X in the square opposite the word "Republican" and letting it go at that. That does in every year but a presidential one. Then the straight voter must mark two crosses on his ticket, one for the presidential electors, the other for the state and county candidates. It is difficult to make him understand this. In consequence he puts his mark in what he considers the accustomed place, leaving it at that. The truth is that he simply voted for the electors. He has not indicated his choice on state and county offices and no count is made for them.

Voters should be very careful in marking their ballots thus saving votes for their party.

### Electric Sparks.

"Ca-te did, Ca-te didn't," seems to be still popular in the county courts.

Explanations why bank wreckers are not tried seem likely to be more abundant than satisfying.

In the fresh publication of Democratic campaign contributions there are several additions from the ranks

of the objectionable rich.

A Missouri man has brought suit for permission to go to church. And yet ministers say that man takes no interest in such things.

Judge Albertson of Washington has refused to issue a decree of divorce in the case of a man who had been married four times and a woman who has been three times married. What is the good of the courts if a man can't get a few divorces when he wants them?

When a New York family inherited \$10,000,000 the other day, none of the members became excited over it. It is presumed that they already owned an automobile.

Baby kisses seems to be no longer a feature of the campaign. The statesmen have long realized that baby kissing pleases no one but the mother—and she cannot vote.

"Speaker Cannon is said to be learning French," says the Charleroi Republican. "He probably feels the need of a larger vocabulary when he goes to cussing." It was said of an Oxford professor who was elected to Parliament and who disappointed the expectations of his friends by proving a very dull member, that he was "dumb in seven languages." If "Uncle Joe" could cuss in seven languages he would certainly be the champion.

Senator Dolliver, of Iowa, was introduced by Senator Flint, of California, to a Los Angeles Republican meeting as the man who had made possible the great policies of President Roosevelt. Then Roosevelt was the hero of Dolliver?

London suffragettes first went to Parliament and then to Bow street court. In this way both those who make the laws and those who execute them are given as much trouble as possible, and that is a consideration especially pleasing to the suffragette.

"The present way to win a woman" seems to include, in the case of actresses, a judicious offering of \$1,000 automobiles and \$25,000 life policies as betrothal presents.

### Birthday of Noah Webster.

Next Sunday will be the 150th Anniversary of the birth of Noah Webster. Though the original Webster's Dictionary has been superseded by a huge revision, because the American vocabulary has been more than double, his work stood for many years as the Standard American authority on orthography and definition.

Noah Webster was of that hardy New England race that proved high mental attainment to be possible without advantage of wealth or many schools. He pursued his studies under difficulties. He executed his labor as lexicographer for a new nation, with phases and ideals in the face of obstacles. As a man and as a scholar Noah Webster is a whole-some type to be honored in public schools.

## Glyde Man Builds Model Highway

William H. Daguc, of Glyde, a supervisor of roads in Amwell township this county recently constructed a section of road leading from the national road at Glyde to the residence of Ross Thompson a distance of 50 1-2 rods which speaks for itself as a specimen of road making. This sample of highway was improved at an estimated cost of less than \$2,700 a mile.

The improved section is from 18 to 20 feet wide and tapers gradually from the center of the traveled track to the bottom of the traveled track to the bottom of the drains on either side the difference in elevation being 16 to 18 inches. By this arrangement no surface water can collect. The foundation is of clay. Limestone were placed on his foundation and sledged finely. Next was placed hand broken limestone a perch to every eight feet, after which a four-horse mounted scraper was run over the stone.

The road bank were evenly sloped back into and clogging the drains. Sufficient dirt was placed at the sides of the stones to prevent them from rolling out of place, and after rolling properly the job was completed.

### Briefs of the County

Canonsburg, Oct. 17.—The water question in Canonsburg is still a serious one, though somewhat less serious than a week ago, as the water company has from two to two and a half feet more water in its reservoir. The water, however, is shut off from the mains in town, and, of course, the private consumers are not being supplied, and have not been for more than five weeks. In case of a fire breaking out, the firemen must wait for the mains to fill up before sufficient pressure is obtained to throw a stream.

Canonsburg, Oct. 17.—Chief of Police Peter Haught engaged in an exciting man chase Thursday evening, when he followed Frank Redman, the colored man who engaged in a fight with Ollie Brown, also colored, Thursday afternoon. Redman, however, made good his escape for the time being.

Monongahela, Oct. 16.—Quick action probably saved a big loss in coal to the Pittsburg Coal company. Last night the crew on the Pittsburg Railways company noticed that a car of coking coal standing on the siding at No. 3 mine near Castle Shannon was burning. It was cut loose from the rest and run down the track. Part of the contents was saved. The fire is said to have been started by foreigners who had a fancied grudge against the company.

## AMUSED AT EFFORTS OF ACHESON

(Continued from page one.) Washington Observer in an Acheson editorial, August 31 1905, said: "No real reformer would resort to underhand anonymous attacks on the character of any man. No man who is really in earnest would circulate falsehoods and sacrilegious attacks upon any man or any cause. Any man who wilfully attacks the character through anonymous circulars is in a class with horse thieves and second story men. Decency has a place in political as well as in business or religion."

## JURORS DRAWN FOR NOVEMBER

Sheriff John C. Murphy and Jury Commissioners Hopkins and Barclay and Clerk F. M. Caton drew the traverse jurors for the November term yesterday. One hundred and forty-four names were drawn from the wheel, 72 to serve for the first two weeks and 72 for the last two weeks. This is the last jury to be drawn from the wheel this year, and any names remaining in the wheel will be discarded and burned when it is refilled in December. Those from Charleroi drawn are, for week of November 23, John Anderson, George Anderson, N. C. Davis, W. J. Hazlett, S. B. Pegg. Week of December 7th, Robert R. Cowden, James R. Dean, Robert Elliott.

## The Store That Advocates Law Compelling Truth in Advertising!

When a store fools you into entering its doors by Fictitious Newspaper Values, it will fool you again when it gets you there. If you are set on looking elsewhere before coming to Adolph's, keep both eyes wide open and beat a hasty retreat when they tell you they are "just out, but have something else as good!" We can quote wonderful prices in the newspapers and GIVE YOU THE GOODS EXACTLY AS ADVERTISED, because we buy them right and have a little expense and do a volume of business doubly that of any other local house in same line. If every store told the good old truth in their advertising, our prices would show in comparison 25 to 50 per cent. lower in the newspapers, just as they do when your own eyes have actually investigated!

"To you we award the palm."  
"Can't you give me something more lofty?" asked the aviator disdainfully.  
"I have flown so high that I consider the palm beneath me."—Kansas City Times.

Homely, but Useful.  
A doorman, you must confess, in looks is hardly neat. But when it comes to usefulness it gets there with both feet. —Houston Post.

Joy to Come.  
Mrs. Green—You have never taken me to the cemetery.  
Mr. Green—No, my dear, I still have that pleasure in anticipation.—Judge.

Wise Man.  
"I very rarely boast," said he, "about my fine old family tree. Because it shows me, I'm afraid, too very far into the shade." —Kansas City Times.

Get Left in the Rush.  
"Jessie is engaged to be married."  
"The mischief she is! I intended to propose to that girl myself when I got time."—Chicago Record-Herald.

One of Many.

The Old Fellow—Well, then, don't butt into it.—Chicago Tribune.

The Retort Matrimonial.  
"Madam, did you go through my pockets last night?"  
"Sir, you ask too searching questions."—Baltimore American.

Impatient Susie.  
"Oh, I can't thread this needle, ma!"  
Was little Susie's cry.  
"Just as the thread is going through The needle winks its eye!"  
—Woman's Home Companion.

Complimentary.  
He pried the biscuit in two parts. Then said, not wishing to be rude, "I truly, madam, never met A really more substantial food." —New York Times.

The Practical Parent.  
"Father," said the pookish youth, "let us go into the autumn woods and read the lesson of the trees!"  
"That's just what I was about to suggest," said the old man, "and we'll take a couple of axes along and cut down a few of them same trees and split 'em into kindling wood for col' weather purposes!"—Atlanta Constitution.

Why Is It?  
Oh, haven't you stood at the telephone. The receiver in your hand. And pleaded with "central" in humble tones.  
Persistent and much and bland: "Please ring 'em again. I can't stand here."  
From now till the crack of doom. And hasn't the thing buzzed in your ear—  
R-r-r-r-r-r-r! Zoo-zoo-zoo-zoo!  
R-r-r-r-r-r-r! Zoo-zoo-zoo-zoo!  
R-r-r-r-r-r-r! Zoo-zoo-zoo-zoo!  
R-r-r-r-r-r-r! Zoo-zoo-zoo-zoo!  
—Chicago Tribune.

Beating His Rival.  
"What are you crowding about? Griggsby's airship showed itself superior to yours in every respect."  
"Yes, but as mine was tested on a fine day the photographs turned out perfect, and Griggsby made his ascent when it was too dark even for a time exposure."—Puck.

She Would Never Rise.  
"I heard today Miss Bond's grandfather was a baker."  
"He must have been a poor one."  
"Why do you say that?"
